COMPANY BUYING TOGGERY STOCK

The Toggery group is probably the best financed property in the entire Divide district, according to the statement issued by the officers now in New York city, who say the company will begin business with \$100,000 cash in the treasury. The big stockholders are anxious to make this company a close corporation and have wired Harry Stimler, their agent, to take up all offerings of stock at 40 cents a share although it was subscribed only a month ago at 20 cents. The stock is issued by the Guarantee Trust company of New York.

The stock was called on the Curb in New York this morning, where it opened strong at 80 cents bid, receding to 80 cents at the close.

Food Supplies Shipped Overseas Provide Sweetened Menu for Doughboys

Contracts made late in March by the Zone Supply officers of the United States army for supplies to be used by the American Expeditionary Forces in France during the present month contained orders for millions of pounds of foodstuffs. Here are a few of the items which will give an idea of the immense quantities of food still consumed by the army in Europe.

One hundred and fifty-three pounds of crackers.

Eighty-five thousand pounds of corn.

Twenty-one thousand pounds of macaroni.

Fifty thousand cans of beans.

Three hundred and eleven thousand pounds of vanilla chocolate.

One hundred twenty-three thousand pounds of chocolate candy.

Twenty-nine thousand pounds of plain spaghetti.

There are more than fifty other items for foodstuffs in the bill contracted for the overseas forces for the month of April 1919. Practically all the money to pay for these supplies must be raised through the Liberty Loan.

VICTORY SONG MAY SWING LOAN DRIVE

The swinging bars of a new George M. Cohan melody may help carry the Victory Liberty Loan to success during its coming drive. At the request of George M. Wilson, national director of publicity for the campaign, Cohan has promised to write a song as soon as he gets an inspiration.

WE MUST NOT FALTER

The Victory Liberty Loan must be made a success. At this time the Americans who stayed at home must be alert in vindicating their trust in the ones who went to France and will return.

The army at the front did all that was expected of them—there was no lagging back, no lagging, no refusing to fight among those men who offered their lives. They went over the top, they were going to a banquet, as General Mangin said. And Death was the toast to which 70,000 of them responded.

The army of star-at-homes kept pace with them in the service of the country. First and last they went down into their pockets for some \$15,000,000,000 to meet the war expenses and gave their money to the country in a volume which half a decade ago would have been thought unbelievable. They proved to them over here they stood solidly behind them and by the world that we were in the right of the faith.

With this record behind us the nation does not fail to give all that the government asks in the fifth loan.

LOCATION BLANKS in triplicate. In book form on sale at Bonanza of Pca.

SEVEN OF THE VICTORY LOAN'S 77 REASONS

Billions are needed to take millions of Americans out of debt! The official estimated expense of maintaining America's army till demobilization is complete is \$2,354,317,000.

Of the 1,700,000 fighters called to the colors before the signing of the armistice, 1,002,175 were on overseas duty. Up to the middle of March less than 500,000 were back from the battlefields.

The cost of getting Pershing's conquerors and the men who performed valiant service on this side back into civil life will total at least \$1,924,943,250.

That \$60 bonus to honorably discharged men adds \$226,000,000 to the demobilization bill.

Then come transportation costs abroad and at home. These include the item of \$700,000,000 for America's superb transportation system in France. Water and rail cost estimates for travel oscillate at the \$500,000,000 mark.

Millions also are due for the supplies, equipment and munitions that by ending the war suddenly saved at least 100,000 priceless American lives!

POTASH MAGNATE VISITS DISTRICT

E. H. Merrill, manager of the lubricating oil department of the Standard Oil company, San Francisco, returned home last evening by way of Goldfield after having spent the day in the Tonopah Gold Mountain district. He expressed himself highly pleased with the outlook and may become interested. Mr. Merrill in his own name holds one of five individual leases granted by the government to potash lands at Seares Lake which he visited in company with Victor Harndt and John Lawton Butler with whom he came to Tonopah. The party also included A. J. Edwards of the war minerals division.

WEARS WOUND STRIPE FOR SERVICE OVERSEAS

J. D. Thompson, brother of Frank Thompson, of the Lathrop Davis company, is back from overseas where he went over the top several times and finally got laid out by a shower of shrapnel which sent him to a base hospital. When he recovered the armistice had been signed and the fighting was over although he rejoined his company to remain with the 516th until orders came for demobilization at Fort D. A. Russell, Wyo., where he went from Camp Merritt.

SEVERAL KILLED BY SAN SALVADOR QUAKE

(By Associated Press.)
SAN SALVADOR, May 2.—Seven persons were killed and 500 injured by the earthquake Monday. Damage was extensive in San Salvador and nearby towns.

HUNGARIAN CAPITOL IN HANDS OF RUMANIA

(By Associated Press.)
VIENNA, May 2.—King Ferdinand of Rumania, accompanied by a French general is preparing to enter Budapest, the capital of Hungary, at the head of his troops, says a Bucharest dispatch.

WAR HABITS

One of the great lessons which the war should have taught us is that of continuous saving. Anyone can learn this lesson by making it a habit to purchase regular War Savings Stamps and Certificates. The government needs your money and there is no safer way by which you can get by a part of your earnings each week. If the people continue to supply the Treasury with funds by their savings we shall pay off our bills for the war in the shortest possible time with the least hurt. The bills must be paid and in the end they must be paid by savings. The signature of the armistice so far has made no change in the needs of the Treasury. During the months of December and January as great an expenditure was made as during any month of the war.

It is therefore imperative that we do not lapse into our old habits of wasteful expenditure. It is vitally important that we continue to supply the Treasury by buying War Savings Stamps.

A buck private in the army who is worth about eight millions and who suffers said to his bunkmate during a Liberty Loan discussion: "Wha-wha-wha! the b-b-bell is the a-a-a-use of havin' m-m-money if y-y-you d-d-don't lend it to the Government!" He owns a cool million and a quarter in bonds.

PERSONAL

JOHN F. KUNZ, the attorney, arrived from Reno this morning.

A. L. PRICE has returned from Reno after a short absence.

JOSEPH HUTCHINSON and William Forman motored to the Bellehelen district yesterday.

J. C. DURHAM of the Nevada garage at Reno, was a passenger for his home today.

JAMES E. CONLISK, representing the Grant Powder company, arrived last evening by auto from Santa Barbara.

DIAMONDFIELD JACK DAVIS, who has never missed a mining boom between Utah and the Arctic Circle, arrived today registered from Reno.

DR. S. H. ELFTMAN, Robert Martin and E. S. Mulwood formed a motor party that visited the Simon lead mine near Mina this afternoon.

CARL F. STEVENS, of the North West Divide Mining company and associated interests in the Divide, left for Reno this morning.

THOMAS LANDBOROUGH returned to California today with the intention of coming back as soon as he closes up his business affairs.

FORMER GOVERNOR DENVER S. DICKERSON was a passenger for Reno this morning after spending three weeks studying industrial conditions on the Divide.

HERMAN A. DARMS, president of the Darms Coal Mining company and the Standard Divide, left for Reno this morning in connection with business of the latter company.

CHARLES NELSON, who was a train dispatcher in the early days of Tonopah, returned to his home in Humboldt county, California, accompanied by his wife.

SENATOR KENT KELLER, of Ave. 11, is back in Tonopah after spending ten days scouting over the western part of the state looking after mining investments. He was accompanied on the trip by A. G. Harbaugh, the local mining engineer.

DENNY THOMPSON and George Redix, members of the 91st division arrived home this morning and are receiving the congratulations of their friends on their safe return from overseas.

DR. CHARLES A. CLINTON, first president of the Little Tonopah Mining company, left for his home in San Francisco this morning after having closed a deal by which he secures possession of a group of claims in a central location.

MRS. A. H. JONES returned this morning from Reno where she was joined by her son Wendell on his way home from Fort D. A. Russell, Wyo., where he was demobilized with the 118th engineers of the 91st division whose exploits will go down into history as forming a series of the greatest achievements of American soldiers.

WILLIAM PARKER, the taxi driver, was out today enjoying the sunshine for the first time since he was taken ill three weeks ago.

MRS. JENNIE CURIEUX, county auditor and recorder, resumed her official duties today after three weeks illness.

REX GROUP SOLD TO DR. CLINTON

The Carl Young Syndicate yesterday purchased the Rex group of mining claims, which adjoin the Royal Divide on the northwest, for Dr. Charles A. Clinton, of San Francisco, who, together with his associates will organize a strong company for development. The property has a splendid surface showing and with deep development gives promise of becoming one of the future big producers of the Divide district.

Doctor Clinton was in Tonopah in the days of its former boom and was president of the Little Tonopah, besides having many other holdings in other well known companies.

The Doctor is one of the most influential residents of San Francisco having occupied prominent positions there since leaving Tonopah. He has been supervisor in the City Council, is a member of the board of education and conducts the largest drug store in the Mission district. He will be associated with some of the wealthiest men who will probably make the Rex group a close corporation.

OWN THE DIVIDE CLUB

Ed Ashton and George Blatt will be found at the Divide club, the fifty soft drink emporium on Main street, and all friends are invited to pay a visit and enjoy the hospitality of the house.

The house is one of the prettiest and most attractive in the city and the owners are famous for their ability to make visitors feel at home. The interior is finished in natural woods and the stock comprises none but the best goods in the market.

Stock certificates printed and bound on short notice at this office.
